With three graduates of Flaget now celebrating fifty years in the priesthood, I thought it might be appropriate at this time to recognize all of the Flaget students who became priests. In the front of the room is a photo board which hangs in the museum which recognizes our Flaget priests and minister who are still in God's service or have passed.

The museum is still looking for vintage memorabilia to be included in the displays.

Athletic programs, educational material, sports letters, school newspapers, just about anything that has attachment to Flaget. Bring your items to any luncheon or drop them off at St. X. Even if you have nothing to drop off, stop in the museum, sign the visitor sheet, and show the people at St X that there is still a big interest in Flaget.
